

Why Should we Recycle?

We should recycle paper to make notebooks. My Mom cleans our room because we have allergies. We should recycle to keep everywhere clean, and to help people be healthy. When we go to the beach we should recycle, and pick up trash and put it in the recycling bin. If we don't the animals will choke and die. Recycling makes our air clean and makes us breathe good. We should always remember to recycle like we remember to take a shower!
